Victorinox Grand Maître Knife Block, 6 piece, Anthracite

This elegant storage solution offers a safe place to store a kitchen, steak, carving, Santoku and chef's knife and universal kitchen scissors. The composition of the 6 piece set means that you are equipped to perform all tasks in the kitchen. The elegant look means that the knife block fits into both modern and traditional kitchens. The transition from blade to handle is seamless on all of the cutting utensils. There is just a subtle thickening that acts as a non-slip bolster. The triple riveting of the continuous blades with the grip ensures perfect hygiene as there are no crevices or gaps.

Highest demands

The well thought out handle means that the knives are particularly good to hold and can be safely guided. Victorinox develops and sells unique products around the world, which can be used in many life and everyday situations: Swiss pocket knives, household and professional knives, watches, luggage and fragrances. They make no compromises when it comes to quality. This not only means that the products last a very long time. They also have an aesthetic force.
