Garmin Instinct™ Outdoor Smartwatch, Graphite

Trust your instincts – just as the Garmin Outdoor smartwatch does. This small device is full of power and hardly noticeable on the wrist with a weight of just 52g and a flexible silicone strap – until you make use of its services. Innovative features such as preinstalled fitness and outdoor profiles, 24/7 heart rate tracking on the wrist, stress level logging and a step counter keep the smart coach running at full power and motivate you to achieve new heights. Whether you're training outdoors or powering through a workout in the city, you won't want to miss your Instinct™ during your session.

Safe and sound

Designed in accordance with the US military standard 810G, the smartwatch is virtually indestructible and yet highly functional. Tested for thermal performance, shockproof and waterproof to 10bar, it will accompany you through thick and thin and over rough and smooth. The Instinct™ keeps you informed of important ambient data such as altitude and air pressure as well as the state of the surrounding

Item number: 2004438

terrain. An integrated triaxial compass and a TracBack function aid orientation guide you safely back from the wilderness to civilisation.
