Garmin vívofit® 4 Fitness Tracker, Black

Improve your output every day with this modern fitness tracker. It stores your steps, distances and calorie consumption, and at night it monitors your sleep and sets a customised daily goal for the next day. And you don't even have to take off the accessory when showering or swimming. The vívofit® 4 regularly synchronises your data via Garmin Connect™ - enabling you to log, plan and share your activities, take part in challenges and much more. The Garmin Move IQ™ function automatically detects activity and classifies the type of activity using Garmin Connect™. And best of all: the battery will last for up to a year without recharging.

Creativity and longevity

The Garmin culture is defined by the underlying values of honesty, integrity and respect. These values also shape the way in which their products are manufactured. With more than 11,4000 employees in 50 locations around the world, the brand develops first-class products in fields such as aviation, marine activities, outdoor pursuits, sport and the automotive industry. The devices are characterised by

outstanding quality, creative design and longevity and are popular with customers all around the world. The diverse products help to make life easier through innovative functions and user-friendliness.
